- Monitor project progress, budgets, and schedules, ensuring timely delivery and quality standards.
- Identify and mitigate project risks and issues.
- Provide technical guidance and support to project teams.
- Ensure compliance with industry regulations, safety standards, and company policies.
- Prepare and present project reports and documentation to clients and senior management.

Qualifications:

- Degree or technical diploma in engineering or a related field.
- Membership in a professional association (APEGS or TPS).
- P.Eng. or A.Sc.T. designation considered an asset.
- PMP designation considered an asset.
- Experience in underground mining considered an asset.
- Strong project management skills with a proven track record of successfully managing projects.
- Excellent communication, interpersonal, and leadership abilities.
- Ability to work independently and as part of a team.
- Willingness to travel as required by project assignments.

What We Offer:

- Competitive wages and comprehensive benefits package.
- Opportunities for professional growth and development.
- A supportive and inclusive work environment.

Diversity Statement:

On Point Consulting Inc. is committed to fostering a diverse and inclusive workplace. We believe that diversity drives innovation and strengthens our team. We encourage all qualified candidates to apply, including those from underrepresented groups. Candidates wishing to self-declare are invited to include a self-declaration in their cover letter.
